

# 10<sup>th</sup> Annual EUPHA meeting, 28-30 November 2002, Dresden - Programme

Wednesday November 27th  
Time

Congress venue

**German Museum of Hygiene**

**17.00-19.00 PRE-CONFERENCE WORKSHOP** "Project for the support of public health associations as a key link between government, scientific community and the population in central and Eastern European countries (invited guests only)

Thursday November 28th  
Time

Congress venue

**Hilton Hotel**

**9.30-11.00 REGISTRATION**

**9.30-10.30 EUPHA EXECUTIVE COUNCIL MEETING**

**10.45-11.30 WELCOME**

Speeches by Kirch, W (congress organiser), Van Casteren, V (EUPHA-president), Schmidt, U (Federal Minister of Health), Lange, P (Federal Ministry of Education and Research), Nees, A (State secretary, Saxon State Ministry for Social Affairs, Family and Health), Badura, B (chairman of the German Society of Public Health).

**11.30-13.00 PLENARY I: OPENING SESSION**

**Public Health in the U.S. and Europe**

**Chair: Van Casteren, V., Belgium – Kirch, W., Germany**

- Public Health in the United States  
*Scrimshaw, S.C. (Faculty of Public Health, University of Illinois at Chicago, USA)*
- Public Health in the Netherlands  
*Borst-Eilers, E. (Ministry of Health, The Netherlands)*
- Public Health in France  
*Brodin, M. (EUPHA past-president, France)*
- Public Health in Germany  
*Schwartz, F.W. (Department of Epidemiology, Social Medicine and Health System Research, Germany)*
- Public Health on the E.U. level  
*Ryan, J.F. (Unit G3 Health promotion, health monitoring and injury prevention, EC, Luxemburg)*

**13.00-14.00 Lunch**

**PERMANENT POSTER PRESENTATION**

**14.00-15.30 WORKSHOPS 1-4**

**1. Policy health impact assessment for the European Union**

**chair: Abrahams, D., UK**

*Birley, M.; den Broeder, L.; Elliott, I.; Fehr, R.; Mekel, O.; Pennington, A.; Scott-Samuel, A.*

**2. Together we are stronger: public health in a public private surrounding**

**chair: Huurman, J.H.D. - van der Waal, M.A.E., The Netherlands**

- Public health research in the Netherlands  
*Mackenbach, J.*

- Public health in the Netherlands and the necessity of a united organisation  
*Huurman, J.G.J.*
- Public health care policies: from a national to a local level and vice versa  
*Uniken Venema, P.; van der Waal, M.A.E*

### 3. Public health nutrition

**chair: Müller, M.J., Germany - Shetty, P., UK**

- Challenges and conceptual issues of public health nutrition  
*Boeing, H.*
- Social inequalities, nutrition and inequalities in health  
*Dowler, E.*
- Addressing the limits of energy requirements: implications for lifestyle changes  
*Shetty, P.*
- Prevention of obesity – is it possible?  
*Müller, M.J.*

### 4. Integrated programs – transport and health

**chair: Mekel, O., Germany**

- Impact assessment: Did the Third Ministerial Conference on Environment and Health London Conference (1999) promote progress in the transportation sector?  
*Racioppi, F.; Dora, C.*
- APHEIS: Monitoring the effects of air pollution on public health in Europe  
*Medina, S.; Mücke, H.-G.*
- Applicability of the tri-lateral methodological framework for impact estimation of road traffic related air pollution on health in Germany  
*Heuer, A.; Mekel, O.; Fehr, R.*
- Transport and health - the regional perspective of Baden-Württemberg  
*Schwenk, M.*

## 14.00–15.30 PARALLEL SESSIONS 1-5

### 1. Age

- Ageing and health policy: Demographic change – How can we save solidarity?  
*Fälker, M.*
- Explaining socio-economic differences in old-age mortality  
*Lampert, T.; Maas, I.*
- Age related policy in cardiology: comparison of health care provision in UK and Italy  
*La Torre, G.; Boccia, A.; Damiani, G.; D'Errico, M.M.; Farinero, E.; Gregorio, P.; Nante, N.; Santè, P.; Siliquini, R.; Bowling, A.; McKee, D.; McClay, M.; Dickinson, E.; Ricciardi, G.*
- Social ties and mortality in elderly. Cracow study  
*Brzyski, P.; Tobiasz-Adamczyk, B.*
- A comparative appraisal of the relationship of income, education and housing tenure with poor health among the elderly in Europe  
*Dalstra, J.A.A.; Kunst, A.E.; Mackenbach, J.P.*

### 2. Child health

- Health benefits of travel to school - evidence from a study of children's car use  
*Macket, R.; Turbin, J.; Lucas, L.; Paskins, J.; McCarthy, M.; Edmunds, L.*
- The class moves! Posture, movement and relaxation in the European classroom  
*Sijthoff, E.; Stawinoga, M.; Young, I.; Bowker, S.*
- Computerised child health record in Iceland  
*Gunnlaugsson, G.*
- Physical development of children in Russia  
*Maximova, T.M.*
- Manifestation of socio-economic gradients in overweight in prepubertal children from birth to the age of 5-7 years: interaction with parental overweight  
*Langnäse, K.; Mast, M.; Danielzik, S.; Spethmann, C.; Müller, M.J.*

### 3. Drug utilisation research

- Attitudes and behaviours with regards to androgenic anabolic steroids among male

adolescents in a county of Sweden

*Nilsson, S.; Spak, F.; Marklund, B.; Baigi, A.; Allebeck, P.*

- The use of prescribed and non-prescribed medication by Dutch children  
*van Dijk, L.; van Lindert, H.*
- Can adding fish-oils or soya-protein to bread and biscuits reduce elevated risk factors for coronary heart disease? MONALISA - a randomised trial  
*Harrison, G.H.; Rajpura, A.; Birt, N.; Armitage, L.; Birt, C.*
- Self medication and the role of general practitioners  
*Himmel, W.; Bardeck, M.A.; Kochen, M.M.*
- EURO-MED-STAT: Monitoring expenditure and utilisation of medicinal products in the European Union countries. A public health approach  
*Folino-Gallo, P.*

#### **4. Health care**

- Haemodialysis in Lothian: Working in partnership to choose the optimum location  
*Regnauld, K.; Payne, S.; Donnelly, P.*
- Public trust in health care in the Netherlands  
*van der Schee, E.; Groenewegen, P.P.; Friele, R.*
- Dietary guidance in the primary health care sector by dietician or general practitioner?  
*Willaing, I.; Ladelund, S.; Jørgensen, T.; Moll, L.; Simonsen, T.*
- Physicians working in different hospitals: Variation in what they do?  
*de Jong, J.D.; Westert, G.P.; Groenewegen, P.P.*
- Development and evaluation of a local health care co-operative (LHCC) health profile using routine primary and secondary care data  
*Steinke, D.; Hudson, S.; Bennie, M.; Burney, S.; Murray, P.; Bryson, S.*

#### **5. Health reports**

- Public health research in Poland  
*Rydzyński, K.; Nosko, J.; Cybart, A.*
- Evaluation of national and regional health reports at the European level (EVA-PHR)  
*Cornelius-Taylor, B.; Brand, H.; Achterberg, P.; Budden, D.; Nanda, A.*
- EUROCHIP: EUROpean Cancer Health Indicators Project  
*Micheli, A.; Coleman, M.; Capocaccia, R.; Martinez, C.; Coebergh, J.W.; Berrino, F.*
- EUROHEIS (European Health and Environment Information System) - applications and case studies  
*Aylin, P.; Cockings, S.; Ferrándiz, J.; Hammar, N.; Jarup, L.; Kelly, A.; Martuzzi, M.; Pekkanen, J.; Poulstrup, A.*
- Register-based monitoring shows decreasing socio-economic differences in Finnish perinatal health  
*Gissler, M.; Meriläinen; Vuori, E.; Hemminki, E.*

**15.30-15.45 COFFEE BREAK**

**15.45–16.45 POSTER DISCUSSION I**

**16.45–18.15 WORKSHOPS 5-8**

#### **5. Nutrition behaviour of children**

**chair: Karg, G., Germany**

- Children's nutrition in low-income households: The state of the art. Recommendations for health promotion and nutrition programmes  
*Leonhäuser, I.-U.; Burkard, M.; Lehmkuhler, S.; Dürr, S.; Köhler, J.*
- Evaluation of the nutrition education in German schools  
*Heseker, H.; Beer, S.*
- Food and Meal Based Dietary Guidelines (FMBDG) for the nutrition of children and adolescents in Germany: the concept of optimiX  
*Kersting, M.; Alexy, U.; Clausen, K.*
- Project of the German Society for Nutrition (DGE) „Nutrition Education Saxony“  
*Benterbusch, R.; Müller, C.*

- 6. Access and quality of health care for ethnic minorities**  
**chair: Bruijnzeels, M. - Foets, M., The Netherlands**
- Research methodology: Defining and delineating target groups  
*Razum, O.*
  - Access of health care for ethnic minorities  
*Foets, M.*
  - Quality of health care provided to ethnic minorities  
*Verrept, H.*
- 7. Public health management of invasive meningococcal disease**  
**chair: Pfaff, G. – Walter, K., Germany**
- Meningitis group C vaccination campaign in the Netherlands  
*Timen, A.; van Steenberghe, J.E.*
  - Invasive meningococcal disease in Switzerland, Trends 1999-2001  
*Jaccard Ruedin, H. J.*
  - Public health management of invasive meningococcal disease: The Czech perspective  
*Pavla, K.*
  - Prevention and control policies for meningococcal disease in Europe: A systematic review of the evidence  
*Purcell, B.; Hahné, S.; Stuart, J.; Samuelsson, S.; Ehrhard, I.; Heuberger, S.; Camaroni, I.; Charlett, A.*
- 8. Students' health in Europe – perspectives for health promoting universities**  
**chair: Stock, C. - Krämer, A., Germany**
- Risk factors associated with the prevalence of Hepatitis A among first year college students in Navarra Public University in Pamplona, Spain  
*Guillén Grima, F.; Stock, C.; Martínez Ochoa, E.; Krämer, A.; Aguinaga-Ontoso, I.; Sainz, L.; Brun, C.; Marin, B.; Martínez Gonzalez, M. A.; Hermoso de Mendoza, J.*
  - Differences in health complaints between university students from three European countries  
*Stock, C.; Kücük, N.; Miseviciene, I.; Guillén Grima, F.; Petkeviciene, J.; Aguinaga-Ontoso, I.; Krämer, A.*
  - Health behaviour and interest in health promotion in relation to subject of study among students of Kaunas universities  
*Petkeviciene, J.; Miseviciene, I.; Petrauskas, D.*

## 16.45–18.15 PARALLEL SESSIONS 1-5

### 1. Environmental health

- Growth in childhood and air pollution among preschool children in the Czech Republic  
*Pikhart, H.; Bobak, M.; Kriz, B.*
- Comparison between self-reported symptoms and GP records in the aftermath of an airplane disaster  
*Donker, G.; Yzermans, C.J.*
- The health impacts of new roads: A systematic review  
*Egan, M.; Hamilton, V.; Petticrew, M.; Ogilvie, D.*
- Environmental (in)justice in Germany: Social differences concerning noise and air pollution  
*Mielck, A.*
- Quantitative health impact assessment of waste incineration  
*McCarthy, M.; Utley, M.; Gallivan, S.*

### 2. Cardiovascular diseases

- Cardiac rehabilitation  
*Dylewicz, P.*
- Effect of hospital volume on short- and long-term survival after acute myocardial infarction in Lazio region, Italy  
*Agabiti, N.; Ancona, C.; Tancioni, V.; Forastiere, F.; Arcà, M.; Papini, P.; Perucci, C.A.*

- Do patients with suspected myocardial infarction have any unmet health needs?  
*Asadi-Lari, M.; Gray, D.*
- Too few or too many?  
*Morris, C.; Payne, S.; Donnelly, P.*
- Free choice of sickness funds and selection: First results from the KORA-survey "Living and health in the region of Augsburg".  
*John, J.; Werner, A.*

### **3. Quality of life**

- Global quality of life measured by visual analogue scale: Validity and feasibility in a population study  
*Uutela, A.; Aro, A.R.; Aalto, A.M.; Heinonen, H.*
- A four-year follow-up study of early versus delayed vocational rehabilitation  
*Marnetoft, S.U.; Selander, J.*
- The influence of nocturia on the quality of life  
*Kooij, D.G.; van Dijk, L.; Schellevis, F.*
- Predictors of good quality of life in school children. A population-based Swedish study using a new concept, positive odds ratio  
*Ejlertsson, G.; Sollerhed, A.C.*
- The prevalence and health-related quality of life of musculoskeletal diseases in the general population. An example from the Netherlands  
*Picavet, H.S.J.; Hoeymans, N.*

### **4. Women's health**

- The use of skin-lightening products among foreign women in the Netherlands: Prevalence and side-effects.  
*Lamkaddem, M.; Devillé, W.; Gomes, P.D.; Westerhof, W.; van Dijk, L.*
- Social position and gender differences in quitting smoking  
*Head, J.; Chandola, T.*
- Maternal mortality as an indicator of obstetric care in Europe  
*Wildman, K.; Bouvier-Colle, M.H.; MOMS group*
- Promotion of family planning services in Armenia  
*Ghukasyan, G.; McPherson, J.*
- Intake of micronutrients by women during the pregnancy  
*Penar, A.; Kaim, I.; Gałaś, A.; Jedrychowski, W.*

### **5. Work-related health**

- Health and social consequences of sickness absence - a general population study over five years  
*Staland Nyman, C.; Andersson, L.; Spak, F.; Hensing, G.*
- Working conditions and socio-economic inequalities in work ability  
*Aittomäki, A.; Lahelma, E.; Roos, E.*
- Unemployment and other risk indicators preceding early cause-specific death  
*Voss, M.; Nylén, L.; Floderus, B.; Diderichsen F.*
- The shape and magnitude of occupational class inequalities in health across key domains of health: The Helsinki health study  
*Lahelma, E.; Martikainen, P.; Rahkonen, O.; Roos, E.; Saastamoinen, P.*
- Income and health behaviour  
*Laaksonen, M.; Prättälä, R.; Helasoja, V.; Lahelma, E.*

**17.00-19.00 EUPHA GOVERNING COUNCIL**

**19.30-21.00 Welcome Reception at the Taschenbergpalais**

**9.00–10.30 PLENARY II: 10 YEARS EUPHA**

**chair: Van Casteren, V., Belgium – Brodin, M., France**

- The birth of EUPHA, now ten years ago  
*Gunning-Schepers, L.J. (University of Amsterdam, The Netherlands)*
- EUPHA conferences and abstracts  
*van der Zee, J. (NIVEL Institute, The Netherlands)*
- The European Journal of Public Health  
*McKee, M. (London School of Hygiene and Tropical Medicine, United Kingdom)*
- The future of EUPHA  
*Van Casteren, V. (EUPHA-president, Belgium)*

**10.30-10.45 COFFEE BREAK**

**10.45–12.15 WORKSHOPS 9-14**

**9. The span in information from researching new tools to accessible presentation – experience from Child health**

**chair: Rigby, M., UK**

- Using research to create information gathering tools - KIDSCREEN  
*Ravens-Sieberer, U.*
- Information as the bridge between research, need, policy and action – Identifying systematic health indicators (EU/UK)  
*Rigby, M.*
- Proactively applying research to operational policy and delivery – Best health for children, Republic of Ireland  
*Quinlan, A.; Denyer, S.*
- The need to improve evidence-based health information for young people and methods of assessing success  
*Macfarlane, A.; McPherson, A.*

**10. EUPHA skills building workshop: how to write a scientific article**

**chair: Van Casteren, V., Belgium**

**11. The role of acute day hospital treatment for mental health care: results from the European day hospital evaluation (EDEN) study**

**chair: Kallert, T., Germany - Priebe, S., UK**

- The relevance of acute day hospital treatment for restructuring European mental health care systems  
*Kallert, T.; Priebe, S.; Kiejna, A.; Nawka, P.; Raboch, J.*
- Is acute psychiatric day hospital treatment as effective as inpatient treatment?  
*Kiejna, A.; Raboch, J.; Nawka, P.; Priebe, S.; Kallert, T.*
- Acute day hospital treatment and its burden on relatives  
*Schützwohl, M.; Matthes, C.; Kallert, T.*
- Patient views on acute day hospital treatment  
*Priebe, S.; Kallert, T.; Kiejna, A.; Nawka, P.; Raboch, J.*

**12. The significance of drug utilisation research for public health**

**chair: von Ferber, L., Germany, - McGavock, H., UK**

- Strategies for reducing prescription-related morbidity and for improving prescribing cost-effectiveness in primary care  
*McGavock, H.*
- Bridging the gap between research and policy. Focussing the patient  
*Vander Stichele, R.H.*
- Drug utilization in children: Are there more benefits than risks?  
*Sanz, E.J.*
- How pharmacists could use methodologies of drug utilisation research (DUR) and public health research to improve their services  
*Schubert, I.*

### 13. Disease management of diabetes mellitus – quality strategies in European countries

**chair: Brenner, G., Germany**

- A 3-year-experience of structured personal care of diabetes mellitus in general practices  
*Altenhofen, L.; Oliveira, J.; Hass, W.; Hansen, L.J.; Brenner, G.*
- Experiences with the registry of patients with diabetes mellitus in Germany  
*Bestehorn, K.*
- Structured personal care of type 2 diabetes in general practice in Denmark  
*Hansen, L.J.; Olivarius, N. de F.*
- Disease management in the Netherlands  
*van Merode, G.G.; Steuten, L.M.G; Vrijhoef, H.J.M.; Spreeuwenberg, C.*

### 14. Evidence based dentistry

**chair: Bergmann-Krauss B., Germany**

- Current international developments and trends in evidence-based dentistry (EBD)  
*Jokstad, A.*
- Evidence-based care of patients with temporomandibular disorders  
*Türp, J.C.*
- Development and implementation of guidelines in dentistry – taking the example of the therapy of retained molars.  
*Wagner, W.*

## 10.45–12.15 PARALLEL SESSIONS 1-3

### 1. Mental public health

- Changes in health care systems and their impact on mental health care  
*Häfner, H.*
- Recent advances in stress management and prevention programs: A cumulative meta-analysis study  
*Damiani, G.; Federico, B.; Pinnarelli, L.; Ricciardi, G.; Vanini, G.C.*
- Relationships between environmental health and mental health disorders: Results from the Belgian health interview survey  
*Buziarsist, J.; Demarest, S.; Gisle, L.; Van der Heyden, J.; Tafforeau, J.*
- Life goal patterns and mental and physical health: Agency-motivated individuals are healthier than others  
*Petrowski, K.; Joraschky, P.; Mück-Weymann, M.; Pöhlmann, K.; Gottschalk, T.*

### 2. Socio-economic factors

- Socio-economic inequalities in mortality in 10 European countries: The case of the elderly  
*Huisman, M.; Kunst, A.E.; Mackenbach, J.P.*
- Investigating explanations of socio-economic inequalities in health: The Dutch GLOBE study  
*van Lenthe, F.J.; Schrijvers, C.T.M.; Droomers, M.; Joung, I.M.A.; Louwman, W.J.; Mackenbach, J.P.*
- Socio-economic status and varicosis of the legs - results of a population-based cross-sectional study  
*Stang, A.; Bromen, K.; Schuldt, K.; Weber, S.; Bock, E.; Pannier-Fischer, F.; Jöckel, K.H.; Rabe, E.*
- Functional status in relation to socio-economic status in elderly in Cracow  
*Knurowski, T.; van Dijk, J.; Brzyski, P.; Tobiasz-Adamczyk, B.; van den Heuvel, W.*
- Socio-economic status, comorbidity and the use of health services in the Netherlands  
*Droomers, M.; Westert, G.P.*

### 3. Substance abuse

- Influence of public alcohol and tobacco use on general practitioners' advice: An international comparative study  
*Pas, L.; Boerma, W.; Spreeuwenberg, P.; Saunders, J.B.; van der Zee, J.*

- How often are patients receiving advice about alcohol and other lifestyle habits in primary care in Sweden?  
*Akerlind, I.; Johansson, K.; Bendtsen, P.*
- Substance use, problem behaviour and leisure activities among youths from families with low socio-economic statuses in the periphery of Brussels  
*Engels, T.; Lambrecht, P.; Andries, C.*
- Predicting adult smoking: Tobacco consumption and social circumstances  
*Jefferis, B.; Graham, H.; Manor, O.; Power, C.*
- Patients' attitudes to a hospital based smoking cessation service  
*Callaghan, M.; Hart, G.; Petticrew, M.*

#### 12.15-13.15 Lunch

#### 13.15-14.15 POSTER DISCUSSION II

#### 14.15-15.45 WORKSHOPS 15-19

- 15. EUPHA workshop: The future of public health in Europe**  
chair: Van Oyen, H, Belgium - Zeegers Paget, D., The Netherlands
- 16. EUPHA section on youth**  
chair: Wiegersma, A., The Netherlands
- 17. EUPHA section on health promotion: Progress and problems of health promotion in central and Eastern Europe**  
chair: Waller, H., - Trojan, A., Germany, Andronache, L, Romania
  - Challenges for health and health promotion in Central and Eastern Europe  
*Anderson, R.*
  - The role of the EUHPID project in developing a common set of European health promotion indicators: moving from research to policy  
*Kenneth Davies, J.*
- 18. EUPHA section on social security and health: Research on sickness absence in different countries**  
chair: Alexanderson, K., Sweden
  - Sickness absence among employees of a large national French company: understanding the social gradient  
*Melchior, M.; Niedhammer, I.; Berkman, L.F.; Goldberg, M.*
  - Psychosocial work environment, mental health and sickness absence: the Whitehall II study  
*Head, J.*
  - Recorded sickness absence and mortality  
*Kivimäki, M.*
  - Sickness absence with psychiatric disorders - gender differences and the choice of measures  
*Hensing, G.*
- 19. Evidence-based mental health services research: the contribution of recent EC-funded projects**  
chair: Kallert, T. - Becker, T., Germany
  - Outcome management in community mental health care in six European countries: The MECCA study  
*Priebe, S.; Bullenkamp, J.; Hansson, L.; McCabe, R.; Roessler, W.; Torres-Gonzales, F.; Wiersma, D.*
  - Impact of two alternative staff training programmes on the implementation and effectiveness of a psychoeducational intervention for families of patients with schizophrenia (PSYCHOEDUTRAINING-Study)  
*Magliano, L.; Fadden, G.; Birchwood, M.; Kallert, T.; Economou, M.; Xavier, M.; Torres-Gonzales, F.; Maj, M.*
  - Aims and methods of STOP (Treatment seeking and treatment outcomes in people suffering from posttraumatic stress following war and migration in the Balkans)

- Schützwohl, M.; Lecic-Tosevski, D.; Popovic, S.; Tocilj-Simunkovic, G.; Franciskovic, T.; McCrone, P.; Priebe, S.*
- Compulsory admission and involuntary treatment of mentally ill – legislation and practice in European Union member states  
*Salize, H.J.; Dreßing, H.*
  - Aims and methods of the EUNOMIA-study (European Evaluation of Coercion in Psychiatry and Harmonisation of Best Clinical Practice)  
*Kallert, T.; Ganev, K.; Raboch, J.; Kastergiou, A.; Solomon, Z.; Maj, M.; Dembinskas, A.; Kiejna, A.; Nawka, P.; Torres-Gonzales, F.; Kjellin, L.; Priebe, S.*

## 14.15–15.45 PARALLEL SESSIONS 1-5

### 1. Health economy

- Winners and losers on flexible labour markets: The fate of women with chronic illness in Britain and Sweden  
*Burström, B.; Whitehead, M.; Holland, P.*
- Reforming health care financing in Bulgaria: the population perspective  
*McKee, M.; Balabanova, D.*
- Cost-effectiveness analysis method for diagnostic procedures in the course of 30 years at a medical university hospital  
*Harder, T.; Kirch, W.*
- Modern social marketing can increase the effect of traditional preventive measures in hypertension. Results of the Polish four-cities project  
*Deskur-Śmielecka, E.; Zdrojewski, T.; Ornoch-Tabedzka, M.; Gluszek, J.; Drygas, W.; Januszko, W.; Tykarski, A.; Galazka, A.; Posadzy-Mańczyńska, A.; Dylewicz, P.; Krupa-Wojciechowska, B.; Wyrzykowski, B.*
- Cost-utility-analysis of two treatments of back pain  
*Siegel, A.; Soeder, U.; Manz R.; Balck, F.*

### 2. Patient orientation and self-help

- Patient-centred care: What it is and why we need it  
*Badura, B.*
- Informing the patient. A mutual responsibility  
*Verkaik, R.; Francke, A.*
- Lifestyle conditions of the association of citizen participation with self-rated health: Converging evidence from two independent studies  
*von Lengerke, T.; Rütten, A.*
- Quality of needs assessment for care and assistive devices from a client's perspective  
*van Nispen, R.M.A.; Sixma, H.J.; Kerkstra, A.*
- Doctor's care or self-care? Expectations of doctor's care in case of common self-limiting health ailments  
*Cardol, M.; Schellevis, F.; van de Lisdonk, E.H.*

### 3. Prevention

- Benefit-cost evaluation of influenza vaccination in elderly people in Liguria, Italy  
*Gasparini, R.; Lucioni, C.; Lai, P.; Maggioni, P.; Sticchi, L.; Durando, P.; Morelli, P.; Comino, I.; Calderisi, S.; Crovari, P.*
- The context of physical activity and health: Results from a comparative study  
*Rütten, A.; Abu-Omar, K.; Ziemainz, H.*
- Influenza-vaccination: an inventory of strategies to reach the target population and optimise vaccination uptake  
*Kroneman, M.; Paget, J.*
- Can improvement of the utilisation of preventive medical assessments in childhood influence the measles vaccination coverage? A prevalence study in the district of Warendorf - Germany  
*Schäfer, O.*
- Health education for preventing hypertension by municipalities in Japan  
*Satomura, K.; Nakahara, T.; Miyagishima, K.; Yamada, M.N.; Sakurami, T.*

### 4. Surveillance and control of infectious diseases

- Narrowing the gap between disease surveillance and disease control: A Dutch national electronic system for infectious disease surveillance  
*Doosje, J.; Bosman, A.*
- ISIS: Applying knowledge technology to a national system for infectious disease surveillance  
*Bosman, A.; van Straten, E.*
- Bridging the gap between research, policy and daily practice: Towards an improved infrastructure for infectious disease control in the Netherlands. The VISI project  
*Jambroes, M.; Haringhuizen, G.B.; Doosje, J.*
- Helicobacter pylori infection and gastric cancer: An area-level study  
*Lunet, N.; Barros, H.*
- Development of influenza surveillance activity in Italy  
*Crovari, P.; Lai, P.; De Stefano Caraffa, D.; Prete, A.; Donatelli, I.; Bella, A.; Salmaso, S.*

## 5. Last Minute Session

### 15.45-16.00 COFFEE BREAK

### 15.45–16.45 Meeting of the Section Social security and health

### 16.00–17.30 PLENARY III

#### The aftermath of disasters: long term complications

#### chair: Yzermans, C.J., The Netherlands

- Media hypes in the aftermath of disasters  
*Vasterman, P. (School of Journalism, Utrecht, The Netherlands)*
- Medically unexplained physical symptoms and promoting public resilience after disasters  
*Wessely, S. (King's & St Thomas's School of Medicine and Institute of Psychiatry, London, United Kingdom)*
- Epidemiological follow-up of victims and reliefworkers of manmade disasters; Rules of engagement  
*Lebret, E.; Ruijten, M. (National Institute of Public Health and the Environment, Bilthoven, The Netherlands)*
- Social epidemics in the aftermath of disasters  
*Yzermans, C.J. (Netherlands Institute for Health Services Research, Utrecht, The Netherlands)*

### 16.00–18.00 German Public Health Research Association's Meeting, Concluding Session

#### chair: Siegrist, J. – v. Troschke, J., Germany

- Cost-effectiveness analysis of psychiatric service systems in the European comparison  
*Angermeyer, M.C.; Kilian, R.; Roick, C.; Becker, T.*
- Should carpal tunnel syndrome be listed as an occupational disease? Results from a population-based case-control study  
*Giersiepen, K.; Eberle, A.; Pohlabein, H.; Greiser, E.*
- Gender bias – gender research in public health  
*Maschewsky-Schneider, U.; Fuchs, J.*  
Psychiatric illness in homeless men in Munich, Germany  
*Quadflieg, N.; Fichter, M.; Meller, I.*
- Health risks of psychosocial stress at work: Implications for occupational health services  
*Siegrist, J.*

### 18.00–19.00 EJPH EDITORIAL BOARD

### 18.00–19.00 Meeting of the German Society of Public Health and the Educational Committee

### 19.30 *Semper Opera "A summernight's Dream" by Benjamin Britten*

**9.00–10.30 ROUND TABLE DISCUSSION “PUBLIC HEALTH RESEARCH AND STRATEGIES IN EUROPE”**

**Introduction: Kirch, W., Germany**

- *Boyd, N.* (Department of Health, London, United Kingdom)
- *Friza, H.* (Unit G3 – Directorate General Health and Consumer Protection at the European Commission, Luxemburg)
- *Mossialos, E.* (London School of Economics, London, United Kingdom)
- *Quintas Trias, O.* (Directorate F: Life Sciences – Health Research, Research Directorate General at the European Commission, Belgium)
- *Stein, H.* (Federal Ministry of Health, Germany)
- *Thiers, G.* (Executive Board, WHO, Belgium)

**10.30-11.00 COFFEE BREAK**

**11.00–12.30 WORKSHOPS 20-23**

**20. EUPHA section on health services research workshop: “Population health” in Bismarck systems: how to shift the focus from a healthy workforce to a healthy population**

**chair: Delnoij, D., The Netherlands**

**21. Symposium HYDRA-Hypertension and diabetes risk awareness study**

**chair: Wittchen, H.-U. - Kirch, W., Germany**

- The burden of hypertension and diabetes and associated co morbid conditions in primary care  
*Wittchen, H.-U.; Krause, P.; Küpper, B.; Sharma, A.M.; Ritz, E.; Göke, B.; Lehnert, H.; Unger, T.; Kirch, W.; Pittrow, D.; Tschöpe, D.*
- HYDRA: The situation of the comorbid hypertension plus diabetes mellitus high risk group  
*Tschöpe, D.; Wittchen, H.-U.; Krause, P.; Ritz, E.; Göke, B.; Lehnert, H.; Unger, T.; Kirch, W.; Pittrow, D.; Sharma, A.M.*
- The hypertension screening and awareness study (HYDRA): The prevalence of microalbuminuria in a high risk population with hypertension and diabetes mellitus and their associated co morbidities  
*Dikow, R.; Ritz, E.; Wittchen, H.-U.; Krause, P.; Kirch, W.; Pittrow, D.; Tschöpe, D.; Göke, B.; Lehnert, H.; Unger, T.; Sharma, A.M.,*

**22. Monitoring of cardiovascular diseases and risk factors: results from the EUROCISS project proposed by the EUROCISS research group**

**chair: Lang, T., France**

- Monitoring of acute myocardial infarction and coronary heart disease  
*Hammar, N.*
- Monitoring of stroke and other cerebrovascular diseases  
*Salomaa, V.*
- Monitoring of cardiovascular risk factors  
*Sans, S.*
- Recommendations from the EUROCISS project  
*Giampaoli, S.*

**23. Identifying evidence-based information for child health monitoring – Experience from the EU CHILD Project**

**chair: Rigby, M., UK**

- The process of spanning from research evidence to structured information: the CHILD approach  
*Rigby, M.*
- Striking the balance between outcomes and determinants: outcomes - mortality, morbidity  
*Nordhagen, R.*

- Striking the balance between outcomes and determinants - determinants (social cohesion)  
*Nielsen, A.; Holstein, B. E.*
- Cutting edge research and its impact on future child health policy - a tension across the bridge  
*Blair, M.*

## 11.00–12.30 PARALLEL SESSIONS 1-5

### 1. Disease outcome

- Investigation of hospital mortality in three districts (province) of Tuscany from the 1997 to 1999  
*Messina, G.; Al Farraj, O.; Mara, E.; Nante, N.*
- Who returns to work and why? Outcomes from a six country study  
*Cuelenaere, B.; Prins, R.; Veerman, T.J.*
- Variations in risk for disability pension in Norway 1970-1999 - period or cohort effects?  
*Gjesdal, S.; Maeland, J.G.; Lie, R. T.*
- Assessing the medium and long term consequences of an industrial catastrophe: The explosion of a chemical plant (AZF) in Toulouse (France)  
*Lang, T.; Bauvin, E.; Cassadou, S.; Diène, E.; Garrigue, E.; Guinard, A.; Lapierre, K.; Ricoux, C.; Schwoebel, V.*
- Future prevalence and costs of stroke in the Netherlands  
*Struijs, J.N.; van Genugten, M.L.L.; Evers, S.M.A.A.; Baan, C.A.; Jager, J.C.; van den Bos, G.A.M.*

### 2. Health inequalities

- Performance managing health improvement: communicating NHS performance to the public in Edinburgh.  
*Semple, L.; Payne, S.; Donnelly, P.*
- Urban health in the Netherlands  
*van der Lucht, F.; Verkleij, H.*
- Trends and inequalities in avoidable mortality in Scotland  
*Leyland, A.H.*
- Inequalities in access to angiography and revascularisation in Edinburgh: A statistical investigation  
*Payne, S.; Regnauld, K.; Donnelly, P.*
- Changing health inequalities in east and west Germany since unification  
*Nolte, E.; McKee, M.*

### 3. Information and health reports

- Perceived health in relation to social and behavioural factors among Lithuanian adult population  
*Klumbiene, J.; Petkeviciene, J.*
- Targeted fetal anomaly scanning in Edinburgh - implications for policy change  
*Clark, J.; Payne, S.; Donnelly, P.*
- The world-wide dissemination of empirical data from German Public Health Research  
*Meusel, D.; Göpfert, P.; Kirch, W.*
- Spatial patterns of cancer mortality in Europe  
*Davies, C.; Leyland, A.H.*
- Health reports focussing on specific population groups - a prerequisite for target group oriented health policy  
*Lange, C.; Ziese, T.*

### 4. Migrant health

- Mortality of migrants from the Indian sub-continent and duration of residence in England and Wales  
*Harding, S.*
- Communication, attitudes and knowledge among Danish hospital staff in relation to immigrants  
*Krasnik, A.; Joost Michaelsen, J.; Sonne Nielsen, A.; Norredam, M.*

- Hospital assistance to migrant population in the Lazio region, Italy  
*Cacciani, L.; Matera, E.; Guasticchi, G.; Baglio, G.*
- Mortality amongst migrants in the Netherlands  
*Bos, V.; Kunst, A.E.; Keij-Deerenberg, I.M.; Mackenbach, J.M.*
- Life conditions and health status of the isolated immigrants older than 50  
*Ledésert, B.; Ridez, S.; Desmartin Belarbi, V.*

#### **5. Miscellaneous**

- The efficiency of peer drug prevention program. Affiliation to school as a protective factor of drug prevention  
*Orosova, O.; Sallona, F.*
- The use of a household survey in the community assessment process in Armavir Marz, Armenia  
*Demirchyan, A.; Yoes, C.A.*
- Strengthening the focus on consumers in health care: The quality of care from the patient's perspective questionnaire  
*Brzezińska, K.*
- The joint OSI-ASPHER program. Quality development of public health training programs in central and Eastern Europe  
*Louvet, T.*
- Looking at home injuries using an emergency-based surveillance system: A complex phenomenon  
*Di Giorgio, M.; Chini, F.; Polenta, A.; Giorgi Rossi, P.; Guasticchi, G.; Borgia, P.*

#### **12.30-13.00 FERENC BOJAN MEMORIAL LECTURE**

**The meaning of life expectancy for the individual, for public health and for social security systems**

*von Ferber, C.; Germany*

#### **13.15-14.15 CLOSING CEREMONY**

**EUPHA Prizes, Introduction of the New President**

#### **14.15-15.00 EUPHA EXECUTIVE COUNCIL MEETING**

**Time**

**Congress venue**

**German Museum of Hygiene**

**15.30-16.30 EUPHA/OSI country-specific sessions (invited guests)**
