# Urban and global synergies: shaping the future of public health with climate resilience, equity and innovation

The annual EPH conferences are considered the premier European gatherings of public health professionals worldwide. Delegates include researchers, policymakers, practitioners and educators in public health and many other related fields.

## SHARING KNOWLEDGE

The 19th EPH Conference offers excellent opportunities to learn from the latest research and practice, to network with experts and colleagues and to expand your professional horizons. Abstracts will be invited for workshops and single presentations on all areas of public health research, practice and policy as from 1 February 2026.

Main theme of the conference is **Urban and global synergies: shaping the future of public health with climate resilience, equity and innovation**

## NETWORKING

The conference offers excellent opportunities for professional networking and for making and renewing friendships. The social programme includes a welcome reception and a conference dinner.
